Bluefire Privacy Policy

Introduction

Welcome to Bluefire. Your privacy is important to us. This Privacy Policy describes the types of information we collect from our users, how we use this information, and the measures we take to protect your privacy.

Information Collected

Payment Informations

When you make a purchase on Bluefire, we collect the following information:

- Unique computer code used for the purchase.

Computer Process Monitoring

To ensure the integrity of the software licensing system, Bluefire may monitor active processes on your computer. This helps us identify and prevent the use of software that could compromise the proper functioning of Bluefire.

How we use the information

The information collected is used for the following purposes:

- **Security:** To protect our systems and ensure the software is used in accordance with the licensing terms.

Sharing of information

We do not share your personal information with third parties.

Data Protection

We implement appropriate security measures to protect personal information against unauthorized access, alteration, disclosure, or destruction. These measures include internal reviews of our data collection, storage, and processing practices, and security measures to guard against unauthorized access to systems where we store personal data.

Change to the Privacy Policy

Bluefire may update this Privacy Policy periodically. We will notify you of any changes by posting the new Privacy Policy on this page. We encourage you to review this Privacy Policy

regularly for any changes. Continued use of our service after any changes constitutes acceptance of the new Privacy Policy.
